

Prescription Eyewear – Order Form Alliant Energy Family & Retires

Safety Eyewear Program Available

Alliant Energy immediate family members and Retires are eligible to receive the same high-quality safety eyewear through our current provider as employees. If you use this program, you will receive the Alliant Energy contract pricing and will have to pay in full when the order is placed with the dispenser.

Here's how to order:

1. To download an order form, go to the Compass or Retiree Web site and click on the Safety Eyewear Program link. Then click on the link for the order form. No safety eyewear may be ordered without this form.
2. A doctor of your choice may provide your exam or you may use one of the Aearo / 3M dispensers.
3. Eye Care Professional locations can be found on the Compass or at the following link: www.aosafetysrx.com. At the bottom of the page, type in your ZIP code to find an eye care professional near you.
4. You will need to take the 3M Order / Authorization form to one of the Aearo / 3M eye care dispenser professionals.
5. The eye care professional will assist you with frame and lens selection, fill out the order form and place the order with Aearo / 3M. You must pay a dispensing fee directly to the eye care professional for their services (\$20).
6. You must pay 100% of all items ordered. These co-pays must be paid at the time of order and accompany the order to Aearo / 3M. Aearo / 3M accepts personal checks, money orders, Visa, MasterCard, Discover and American Express. Credit cards are recommended for faster processing and turnaround for your order.

(To protect credit card identities, individuals choosing to use the credit card option for co-payments **may** be required to obtain a secure credit card ID number to use in lieu of the actual credit card number. This secure CC ID number can be obtained by calling a toll-free number (866.235.5506) and following voice prompts. You will receive a secure CC ID number that can be used in place of your credit card number.)

7. The completed eyewear will be shipped directly to the location where the order was placed. They will contact you when the eyewear is ready to pick up. Please allow up to two weeks for delivery.
8. All eyewear will be supplied with detachable side shields unless you require otherwise.

If you have questions, contact Marty Limmex, Senior Safety Consultant, at (608) 575-8984.
